An Epic Marina

By Stephanie Wilson

When one thinks of typical downtown living, they likely are thinking of a maze of high-rises and sidewalks. But Miami is known for eschewing the trends. In the Magic City, downtown living is now synonymous with waterfront amenities. In addition to the amazing residences and townhouses, the unprecedented art collection, and the hotel-style amenities, EPIC Hotel & Residences offers guests and residents alike access to a world-class marina.

The EPIC Marina offers 900 linear feet of full service, deep-water slips in the heart of Miami, where Biscayne Bay meets the Miami River. (On a recent evening, one slip was occupied by Don Soffer's 200-plus-foot megayacht—quite the impressive site.) EPIC is the first and only Residences and Hotel in South Florida to offer direct dockside access and marina services.

The marina offers deep water slips, 30/50/100 Amp service, pump-out, 24-hour staff and security, yacht catering, overnight mooring with reservations, wireless Internet capabilities. Best part: there are no bridges hindering access from the marina to the open ocean.

For more information, contact [EPIC Hotel & Residences](#) at 305.400.7399.
